|------------------------------|-----------------------|------------------------------|---------------------|
| <b>Item:</b>                 | Used PV module        | <b>Serial number</b>         | prova0006           |
| <b>Measured Power</b>        | 202 W                 | <b>Year of production</b>    | N.D.                |
| <b>Irradiated power</b>      | 1009 W/m <sup>2</sup> | <b>Test temperature</b>      | 11.2 °C             |
| <b>Open circuit voltage</b>  | 36.2 V                | <b>Short circuit current</b> | 7.58 A              |
| <b>Maximum power voltage</b> | 28.51 V               | <b>Maximum power current</b> | 7.07 A              |
| <b>Series resistance</b>     | 0.7 Omh               | <b>Shunt resistance</b>      | 133 Omh             |
| <b>Type of measurement</b>   | Flash test            | <b>Performed at</b>          | 2023-12-22 14:48:44 |

Performed by Regenerasolar S.r.l, Via San Francesco 20, 20360, Pove del Grappa, Italy
